I am a motivated Front End Developer with 3+ years of experience building responsive, scalable websites and applications. Proficient in JavaScript, TypeScript, and SCSS, with hands-on experience in frameworks such as React, Angular, and Vue. Skilled in crafting custom UI/UX designs and collaborating effectively within cross-functional teams.

Experience:

Envestnet, Seattle - *Engineer I*

March 2021 - April 2023

- Designed, developed, and maintained high-quality applications using React, Vue, and Angular, resulting in improved UI/UX designs.
- Led engaging product demos to showcase new features and functionalities.
- Coordinated team bonding exercises to promote a cohesive work environment.

NuCamp, Seattle - *Front-End Development Instructor*

December 2019 - Present

- Instructed students in React, React Native, JavaScript, and Bootstrap, achieving a 95% completion rate and a class rating of 4.6 or higher.
- Mentored and guided students through personal projects, facilitating the implementation of new frameworks and languages.
- Demonstrated strong troubleshooting skills by resolving students' coding errors and helping them overcome challenges.

Coding with Kids, Seattle - *Coding Instructor*

October 2019 - March 2020

- Taught programming fundamentals to students from grades K to 8th, achieving an 85% return rate among participants.
- Guided a class of 10 to 16 students in the creation of games using Python or Scratch, encouraging their creativity and problem-solving skills.
- Developed tailored lesson plans to accommodate varying skill levels, ensuring effective and engaging instruction.
